The RAINY drawstring bag and umbrella set is made of RPET polyester, which makes it more environmentally friendly. The interior of the bag is single-chamber. In addition to traditional strings, it also has handles with a length of 44 cm, so it can also be used as a shopping bag. At the bottom of the bag there is a zipped pocket in which the included umbrella (also made of RPET polyester) is hidden. The umbrella is opened and closed by hand. The maximum load of the bag is about 3 kg.
