

## Ice cubes SCOTCH

Code: **16535**

Price: **€6.19** Net

The cooling cubes for drinks are made of high-standard stainless steel and packed in a convenient plastic case. The set contains 4 cubes, which should be placed in the freezer for a minimum of 4 hours to cool down to the desired temperature and then put into a glass with a drink. An excellent gadget replacing traditional ice cubes, as it does not dilute the drink.
