

### Car phone holder AMPLEX

Code: **17725-02**

Price: **€4.50** Net

The AMPLEX car phone holder is a very convenient gravity holder for installation in the car's air vent. When the phone is in the holder, the pressure force causes the arms to raise and tighten, and the device is effectively prevented from falling. The handles are finished with rubber, which prevents both scratching the phone and ensures high stability. The metal plate on the front is a perfect visual and marking place. The holder fits phones with a width of 70-85 mm, the phone should not be in the case.
